He is After the Doctors, and Wants Fellowships in the American Medical Society.

membership in the Medical Society.

The members of the society, after duly society was strictly parliamentary in organization and action, or partly parliamentary of partly social, membership necessitated an individual asmuch with the negro, exercised the the income returns.

The Internal Revenue receipts to-

of this Association, these delegates will claim a right to be admitted to membership and fellowship. Will this claim be granted? Will the ne-gro physician be admitted to mem-ship in this representative organiion of the physicians of America." The officers of those societies have nt copies of their official papers and ulars to the editor of this journal common with the editor of other edical journals), and have asked that this matter be presented to the arblic All other journals have falled opublish anything on this subject which will commit them to either side of the question. It would be equally of the question. It would be equally of the question of the question of the question. It would be equally of the question of the

easy for this journal to be non-committal, "to stand upon the fence" (to use a vulgarism) and wait for development; the officers whose duty

delegates from all phartered incurs societies in good standing, have a right to be admitted as members of the Association. No one can question this fact, for it is based upon existing this fact, for it is based upon existing transportation and exportation of goods transportation and exportation of goods. delegates from all hartered medical this fact, for it is based upon existing organic law. Will these delegates be admitted? Should they be admitted? Physicians more frequently than all others have daily to recognize and to establish a practical distinction because of the complete of the co tween what is right and what is expedient. The highest moral authority enjoys an observand of this distinction upon all men. While therefore it is proper to admit the right of the negro delegates from the new Sola rise fellowship in the Amer-

in the lenowamp in the American iting iteal Association, the practical been go them this right. No one and it is sposed to try this question overflorum of either common sense

at principle of action which suborconservance of the claims of honor and truth; that principle of action which is paramount and should be paramount with all bodies, whether individual of the content of the country.

He contented that the truth of the country.

He contented that the truth of the country.

He contented that the truth of the country. dinates all other principles of action, bonds. self-preservation. It cannot be doubted by any one of sound judgment that the admission of these delegates would the admission of these delegates would cause a disruption of the American will be made at the American will be made at the admission of the American will be made at the would destroy the whole body, it would destroy certainly one-half of it, and most probably the greater part of it. Such an admission on the part of the Association would be no more nor less than corporate suicide; it would be to destroy the life of the body. It is manifest, therefore, that the admission of the admission of the admission of the body. It is manifest, therefore, that the admission of the is manifest, therefore, that the admission of these delegates cannot consistently or properly be urged by the friends of the Association. It is equally manifest that the especial friends of union to annex Dominica, but Mr. Association and the control of the Association and the control of the part of of the negre cannot advise him to a Holdman objected.

the negre cannot advise him to a Holdman objected.

herribly crushed and almost beyond tirement in order to relieve the public recognition. Three men are still missimind. Acted in its results. That for thescand the motion was rejected. other heaven, the negro delegated from this new so toy, or any other Society, should be and will be rejected. Mr. Eldridge gave notice that he so been killed. Search for the missing men is continued by a large force, and an immense crowd of persons are watching them. Colleges will so instruct their dele-

It may not be generous or noble to Mr. Bingham, from Judiciary Comrefuse help to those who need it; it may be in derogation of man's highest instincts to suppress the impulse to help and protect; but man is not the creature of these impulses only; there are other impulses equally naited the creature of these equally naited and protects.

The Statement of 1865 and 1870 Compared.

The Statement of 1865 and 1870 Compared.

It is said that figures do not lie, and the creature of the suppress to show what the compared is a suppress to suppress the impulse to help and protect; but man is not the creature of these impulses only; in the expenses and counsel fees, not expense and counsel fees, not expenses and counsel fees, not expense and counsel fees, not expenses and counsel fees, not e ural and far more overwhelming in of the House. their nature; impulses before which all are forced to bow, as before a distance; the impulses controlling most drew Johnson for his expense in deduction and the debt was, to use the language of Mr. McCulloch, "at the time the war was drawing to a close" and what is it now, and psychological associations. Some few may be so constituted as to herd acceptably with the negro, but the great mass of the Cancasion race have that peculiar indestructible instinct which revolts at the mention even of such association. These last will be just to the negro; they will protect him; they will protect him; they will not reak him an "associate."

It may be said that the legal proabsolutely all men in their physical fending himself for acts done in his and we copy from the official state-and psychological associations. Some official capacity.

was adopted.

These who have fewest resources in themselves naturally seek the food of their self-love elsewhere. The most ignorant people find most to laugh at in strangers; scandal and satire prevail most in small places; and a proposity to ridicule the slightest or most palpable deviations from what the courts of page of attorneys; these must practice in existing courts, or in mone. Assin, the pulpit does not grant a self-love time of necessity. Global courts of the united States is nearly sixty-six millions more than it was strength and all Intermediate Landings.

There is another fature in the matter that makes it still worse for the surgents, and news from that quarter that makes it still worse for the surgents, and news from that quarter than the sating interest in currency of over seven and of the national troops, had arrived within a short distance of Barcelona. The rebels were retiring before him. It is expected that General Baldack would make a decisive at debt has not been liquidated, oh, not It has been converted from a debt.

Cloth can be made news from that quarter than makes it still worse for the matter than makes it still down, having been cut by the insurgents them.

There is another fature in the matter than makes it still worse for the matter than makes it still down, having been cut by the insurgents at lower from that quarter them surgents and news from that quarter than makes it still worse for the war was in strangers; scandal and state party. When the war was in strangers; scandal and state party. When the war was in strangers; scandal troops, had arrived within a short distance of Barcelona. The rebels were retiring before him. It is expected that General Baldack, would make a decisive at debt has not been liquidated, oh, not It has been converted from a debt. practice in existing courts, or in none.

Argin, the pulpit does not grant a fellowship which, if springing from chartly, should be manifested by its adverted and teachers. Whatever of other crofescious and other classes, however, may do, the medical professions and other classes, for fisell, and the writer feels prople who do not fancy the pulpit of sir people who do not fancy the weight or the older, or the impervi
Price of negro attorne's; these must progress of common sense and december.

Cloth can be made proof against water with debt has not been liquidated, oh, no! It has been converted from a debt bearing interest in gold. Here are the figures to show the increase of debt bearing interest in gold and the decrease of the debt beari
